ORDER FOR POLE LOCATIONS  
Standard Condition  
(Bridge Road)

By the City Council of the City of **Northampton**, Massachusetts.

The Massachusetts Electric Company and Verizon New England Inc. "Petition for Joint or Identical Pole Locations" (dated April 2, 2010, attached hereto and incorporated herein) (the "Petition") seeks municipal consent to certain pole installations and other attachments. Said Petition did offer to the City to reserve space for one cross-arm at a suitable point on each of the subject poles for the fire and police telephone signal wires belonging to the municipality and used by the municipality exclusively for municipal purposes. By this Order Granting Joint or Identical Pole Locations, the City does reserve such space for one cross-arm at a suitable point on each of the subject poles for fire and police signal wires used by the municipality exclusively for municipal purposes. Subject to and to the extent consistent with federal and state law, including but not limited to 220 Code of Massachusetts Regulations 45.00 et seq., mandating non-discriminatory access to said poles, the municipality reserves such rights as may be conferred by federal and state law with respect to use of poles, including non-discriminatory access for compatible, safe and technically reasonable municipal telecommunications uses, to the extent allowed by law.

Petitioners are hereby notified that a trench permit is required from the Northampton Department of Public Works for any excavation within the public right-of-way.

Re: Pole Petition No. 8544079

---

Ned,

I reviewed the location for these poles. They have added a third pole (E1.5/T1.5) that is not shown on the Roundabout plans. My only concern is the proximity of the drain line shown on the plans leading from the bikeway culvert (see attached sketch). They will need to take care when installing this pole (hand dig?).
